

The 14<sup>th</sup> annual Air City Volleyball Fall League for high school boys will begin on Sunday, September 15, 2019, with registration and free play at Hadley Watts Middle School (7056 McEwen Road, Centerville). The league will run for the following four weeks on Sunday nights, September 12 to October 13 between 5:00pm and 8:00pm. Team assignments and playing schedules will be published on our website after the registration.

Registration Night (Sunday, September 15)

**Freshmen & Sophomores** 5:00-6:30pm (registration begins at 4:30pm)

**Juniors & Seniors** 6:30-8:00pm (registration begins at 6:00pm)

Registration forms (available at [www.aircityvbc.com/fall-league](http://www.aircityvbc.com/fall-league)) and \$50 payment (cash or check payable to Air City VBC) will be collected before players take to the courts. Come prepared to play. Plan to stay for the entire 90 minute session so we can evaluate everyone as accurately as possible for team placement.

Additionally, **ALL participants must have an active USA Volleyball membership through the Ohio Valley Region (OVR) for liability insurance purposes.** If your son did NOT play for a travelling club team last winter, you will need to purchase a \$10 Fall League membership (in addition to the \$50 league fee) to participate in our program. Directions are available on our website ([www.aircityvbc.com/fall-league](http://www.aircityvbc.com/fall-league)). Players who participated with a travelling club team last year have a current OVR membership and do not need to purchase the league membership.

This is a recreational style program without instruction. We will provide some positioning guidance at the registration night and throughout the league, where needed. Players should know the basics of their playing position, where to be on the court according to playing position (on offense and defense). Teams are kept to a smaller size so that all players can experience playing both front and back row positions.
